IS ENDING

THEY COULDN'T CATEGORIZE

BEFORE YOU BEGIN

Misfits. Black sheep. Outcasts.

You've felt the weight. The rooms you never quite fit into, the seasons that asked you to shrink, the long stretch of being the one they couldn't categorize.

The Giza reactor shows us that ancient machines harnessed power hidden in plain sight. Your inner reactor is doing the same thing, right now, underneath the exhaustion.

These 7 signs mark the turning point - from exhaustion to breakthrough.

This is not a workbook you finish. It is a mirror you return to.
Read one sign at a time. Write what is true, not what sounds good.
Track your 30 days. Watch the Signal get louder.

"Own the scar. Become the flame."
